Evidence indicates a left-winger mowed down antifa counter-protestors in Charlottesville, not a right-winger or white nationalist, GotNews can exclusively reveal.

License plate searches of the 2010 Dodge Challenger that killed one and injured nearly 20 in Charlottesville found that the vehicle was registered to a Jerome Vangheluwe of Michigan.

A Facebook crawl of his relatives reveals the car was in the possession of his son, Joel.

anytime I see a trump sticker I'm putting an alien over it,

Art >>>> trump/this election

neither of these candidates out here need anymore support, I think they've already had more than enough.... end this game because we the people and we're better than who is paying to represent us 🙄🙄

Trevor Charles Black But wouldn't you like to see more Americans with jobs. Less Americans depending on our government. And the government get out of debt? We would get out of debt at one point if we stopped paying people to sit on there and to slowly work.

Our researchers shut down Facebook's biased left-wing trending news team. They discovered never before seen footage of a young Barack Obama whining about white privilege in Kenya. They debunked and destroyed Hillary Clinton's narco baby mama Alicia Machado, who quit giving interviews because of us. If you'd like to hire our research team, email us at editor@gotnews.com.
